Film criticism Main article: Film criticism If a movie can illuminate the lives of other people who share this planet with us and show us not only how different they are but, how even so, they share the same dreams and hurts, then it deserves to be called great. The first public screenings of films at which admission was charged were made in 1895 by the American Woodville Latham and his sons, using films produced by their Eidoloscope company,2 and by the – arguably better known – French brothers Auguste and Louis Lumière with ten of their own productions.citation needed Private screenings had preceded these by several months, with Lathams slightly predating the Lumière brothers.citation needed

The Association of Independent Commercial Producers AICP released a set of guidelines and work place practices in early-May 2020 as restrictions began to lift across the U.S. This set included specific guidelines for all departments and worksites involved in productions.166167 An industry task force of studios and unions submitted a report on June 1, 2020, with various recommendations on health and safety guidelines for cast and crew of productions. These guidelines include regular testing, wearing face coverings at all times when not filming, actors practicing social distancing whenever possible, reducing or modifying scenes involving close contact, and recommending that casting be performed via videoconferencing or self-recorded video rather than in-person.168169

On June 5, 2020, Governor of California Gavin Newsom announced that film and television production could resume in the state beginning June 12, provided that conditions permit and approval is received from a countys public health officials.170 Newsom incorporated key guidelines from the task forces report.171 The next day, a group of unions including the Directors Guild of America, the International Alliance of Theatrical Stage Employees, the International Brotherhood of Teamsters, and SAG-AFTRA published a 36-page report

detailing safety protocols agreed upon for union film and television productions, including regular testing of cast and crew members, closed sets, access zones, shooting limited to ten hour sessions, and all productions requiring an on-set health safety supervisor.172173 On February 9, 2021, it was announced that Blue Sky Studios, an animation studio which had been acquired by Disney during its purchase of 21st Century Fox, would be closed due to the economic impact of the pandemic on their business operations. The closure of Blue Sky also resulted in its cancellation of a film adaptation of Nimona, which was reported to be 75% complete
